Anchor Claims

Management

Large Self-insured Workers Comp accounts

We have a dedicated team of medical claims adjusters that are committed to resolving the claim and getting the employee back to health and work. Anchor can take the highly specialized and costly claims administration headache in its stride and allow your organization to focus on its core business operations.

Large Deductible clients

If your taking on part of the risk to control your premiums then we have help in controlling costs and provide expertise in administering the claims for you so that your expenses are kept to a minimum. We use the nations top bill review schedules to adjust network bill adjustments to make sure your not over-paying. The savings can be as high as 40% in some cases using our bill review services.

Large SIR non-subscribers

In some states some insured's elect to find alternatives to workers comp, in these cases we can offer a unique perspective because we understand the legal and circumstances that insureds face when self insuring part of the risk. We can manage the claims to make sure that your not wasting time or money paying more than is fair to injured employees.

Totally bare non-subscribers

If your completely self insured we can help again by reducing the costs of claims handling and be your outsourced claims administrator. We have the expertise to understand the specific state laws regarding injuries in the work place and make sure that your claims handled swiftly in compliance with insurance regulations.

Full Claims Administration

From first receiving the claims via telephone, fax, mail, email or online using our internet presence we guarantee efficiency. Our claims files are regularly audited for accuracy and evaluated for performance. We offer administrative services that provide the insured employees with a caring and responsive answers to all status inquiries as needed. Anchor uses leading edge technology coupled with a friendly and efficient service staff that really understand the right way to deal with a claim. One of our primary objectives is for the employee to be helped, made well and returned to work and we believe we can make a difference by being accurate and responsive.
